## Private Customers Screen-Savers Further Information & Pricing

### Animated Water feature Screen-Savers

Customers need to supply photographs containing water features like: Snow, waterfalls, seaside with pictures of the sea these photographs can contain pictures of yourself, a loved one etc, here are some examples.

These photographic examples we hope will give you an idea of the types of pictures that we are looking for to create your special animated water features screen-savers.

These photographs will end up as animated pictures for your screen-savers i.e. they will end up having rain effects, snow effect or animated water features like waterfalls, rivers streams etc or a mixture of these effects.
